

sc\_main

```
graph LR; A[sc_main] --> B[EmbeddedSystemX::initialized];
```

A diagram showing a flow from a box labeled 'sc\_main' to a box labeled 'EmbeddedSystemX::initialized'. A blue arrow points from the 'sc\_main' box to the 'EmbeddedSystemX::initialized' box. The 'sc\_main' box is white with a black border, and the 'EmbeddedSystemX::initialized' box is gray with a black border.

EmbeddedSystemX::initialized
